

Welcome to the new age of light

The LED lighting technology

MADE IN BULGARIA

Advantages of LED-lighting

- low energy consumption
- low maintenance
- long lifetime
- directed light
- high light efficiency
- no UV- or IR-irradiation

LED lamp for indoor use

MODEL GRP 60x60 LC	
Input power Входяща мощност	40 W
Useful quantity of light Произведена светлина	3 700 Lm
LED manufacturer Използвани LED	Samsung/ Osram
Power Supply/ PFC/ Efficiency / PFC/	230V AC/ PFC>95%/ Eff. >90%
Internal thermal protection Вътрешна термична защита	75 degree Celsius
Working temperature Работна температура	- 25 to + 40 degrees
Environment protection Външна защита	IP 20
Dimensions mm Размери мм	600x600x60
Weight kg Тегло кг	4 kg
LED life span Продължителност на живота на LED	40 000 - 60 000 hr
Application Приложение	Indoor for offices, schools, hospitals Интериорно за офиси, училища, болници
