

Welcome to the new age of light

The LED lighting technology

MADE IN BULGARIA

Advantages of LED-lighting

- low energy consumption
- low maintenance
- long lifetime
- directed light
- high light efficiency
- no UV- or IR-irradiation

LED lamp for indoor use

Easy montage

Model LED PROLight	
Input power Входяща мощност	20W / 40W / 50W
LED used/pcs Използвани LED/бр	Osram/ Samsung
Useful quantity of light Произведена светлина	2200Lm / 4400Lm / 5500Lm
Power supply/Efficiency Захранване, КПД	230V AC /PFC/86.5%
Working temperature Работна температура	- 25 to + 40 degrees
Environment protection Външна защита	IP65 / IP67
Dimensions mm Размери мм	600 / 1200 / 1500 x110 x100 mm
Weight kg Тегло кг	2 / 2.3 / 2.6 kg
LED life span Продължителност на живота на LED	100,000 h
Application	Working halls, shops, Malls, underground parkings
Приложение	,
